

My Guardian Angel

O Angel Dear, Forever near
Give me grace and remove all fear
Light and guide my path of joy and strife
Assist me to graciously receive God's Light
Just knowing that you've got my back
Fills me with the courage to stay on God's track
You've come to me when in need
In so many forms, in thoughts and deeds
I praise you and thank you O'Angel of mine
Humbled and grateful for your presence divine
